

## TEACHER RESOURCES

– a MUST for all Grolier Online subscribers!

### Grolier Online Newsletter

**GO News** is mailed to all Grolier Online subscribers 4 times during the school year. Each issue is packed with activities and teacher tips to help you:

- Align Grolier Online with your lesson plans
- Emphasize interdisciplinary learning
- Develop students' research skills
- Encourage individual and collaborative student projects
- Challenge students to build better research and writing skills

April / May 2003

### Student Activities for Grolier Online

The **GO Guide**, published annually for Grolier Online subscribers, helps you weave online research skills into your entire curriculum:

- Simple directions walk you through each database to help you and your students get up and running quickly
- Hundreds of project-, theme-, and inquiry-based activities are aligned to National Education Standards in social studies, language arts, science, math, technology, and the arts
- The appendix includes resources such as Assessment Strategies to help you evaluate your students' achievement

Information Introduction
